

CHRIS VALMONTE

Web Developer / UI Engineer

 chrisvalmonte.com

 hello@chrisvalmonte.com

 linkedin.com/in/chrisvalmonte

I am a software developer with a data-driven engineering perspective and an “eye” for UI/UX design. I create content for the web that is usable, responsive, and tested. Positive, dependable, and customer-driven are three words that I would use to describe myself. Outside of work, I am a Star Wars enthusiast, Seattle sports fan, and pizza lover.

EXPERIENCE

Versium *06/2018 - Present*
Software Development Engineer *Redmond, WA*

- Domain expert of a front-end system that drives an enterprise B2B web app. I provide constructive UI/UX feedback and implement pixel-perfect designs.
- Discover end-to-end edge cases, file JIRA tickets, and squash bugs.
- Established a front-end coding style guide, and enforce it regularly.

Code Publishing Co. *11/2016 - 02/2018*
Front-End Developer *Seattle, WA*

- Invented an easy-to-use content sharing feature used by hundreds of local governments and their surrounding communities in the U.S.
- Developed an SCSS variable system for the customization of their clients' web interfaces, which cut development time by 33%.
- Designed and implemented a fully responsive and browser-compatible (including IE8) UI for their web platform.

Expedia Group *09/2015 - 06/2016*
Student Software Engineer *Bellevue, WA*

- Using the agile software development lifecycle, implemented the front-end and a logging system for my senior Capstone Project, Hotels Now.
- Facilitated team meetings and retrospectives, documented software requirements and epics, and conducted demos to company stakeholders.

SKILLS

Refactoring & Software Evolution, Code Review, TDD / BDD, RWD, Accessibility, Usability, Cross-Browser Compatibility

PROGRAMMING

ES6+ JavaScript, HTML5, CSS3 & SCSS, ReactJS, Redux, AJAX, Jest, Enzyme, Bootstrap, JQuery, MySQL, PHP, Laravel, Ruby, Ruby on Rails, Java, JSP

TOOLS

Git, Browser Developer Tools, Postman, Docker, Vagrant, InVision, Adobe XD, Trello / Asana / JIRA, Confluence

EDUCATION

Seattle University *09/2012 - 06/2016*
BS, Computer Science *Seattle, WA*

SELECTED PROJECTS

100 Days of UI Design Challenge *12/2019 - Present*

Currently learning how to use the Sketch app by participating in daily design challenges, mocking up user interfaces for things such as music players, e-commerce shops, and login pages.

Government Web Interfaces *01/2017 - 02/2018*

Customized interfaces for over 10 local governments, including:

- bellevue.municipal.codes
- jasper.county.codes
- wiyot.tribal.codes

Developer Portal *06/2018 - 12/2018*

Utilized React, RESTful web services, and a visualization library to deliver an interactive experience for developers to consume APIs and monitor usage. Maintained 80% test coverage.

nwfasisangbagsak2017.com *02/2017 - 03/2018*

Donated a responsive, static website to the Northwest Filipino-American Student Alliance for their 22nd annual conference. Students used it for the event program, workshop information, and UW Bothell campus map.
